

**LaGrange County Health Department
304 N Townline Rd., Ste. 1 . LaGrange, IN 46761**

We are aware that some churches maybe planning on having a physically attended church service on Easter. We also know this day of celebration is the epitome of being a Christian.

The COVID-19 is just taking a good hold in the United States and is expected to grow exponentially over the next 2-3 weeks. Please, please reconsider and do not, I repeat do not expose yourselves to this deadly virus. This celebration can be postponed and celebrated later as we don't have Easter on the exact same day every year anyway.

LaGrange County Health Department staff, thank you all for your cooperation.
